

Marketing Collateral

A close-up photograph of a desk setup. In the foreground, a notebook with a repeating geometric pattern in brown and white is open. A white pen with a gold-colored tip and clip lies on the notebook. To the right of the pen is a small, clear plastic container filled with white, irregularly shaped stones or crystals. In the background, a lit candle in a white, scalloped-edged holder is visible, along with another candle in a gold-colored holder. The overall aesthetic is clean, modern, and warm.

Stationary Suite

Allow 10-12 days for project completion. Up to 3 revisions on all collateral designs.

QUESTIONS

Why should I choose Creatively Branded?

Because I am a small business as well - I understand the crucial steps it takes to move forward with your brand and website. I strive to be a true partner throughout this adventurous process. I care deeply about the success of your business.

Do you offer payment plans?

By default, I split most brand & web design payments into four installments. One payment is due at booking, the second is by your start date, the third mid-project, before the development phase begins. The final installment is due before finals are transferred to the client. You can also choose to pay in full for a nice 5% discount. For other services, contact me to set something up.

What website platforms do you use?

I work mostly on WordPress and find that in most situations, it is the strongest option available and gives you full control over your website.

Do you offer copywriting?

At this time, I do not offer general or ongoing copywriting services. However, if you purchase the Pro Website Package, my amazing copywriter will create the copy for the 5 pages mentioned, 5 blog posts AND your 7 page freebie offer.

Will you teach me how to use my new website?

ABSOLUTELY! Around the time of your site launch, I will record a custom screenshare tutorial video walking you through the backend of your website to help ensure you are comfortable with the new site. I also provide at no cost wordpress video training that you have lifetime access to.

What do I need before starting?

After your contract is signed, I will send over your Client Workbook for you to begin working on. This, along with the content (both written copy & brand imagery) for each page of your website and a Pinterest inspiration board will all be due by your start date.

Can my timeline be bumped up?

Typically, I am booked pretty solid and usually unable to bump up timelines. If you have a very strict upcoming deadline, feel free to reach out and see if it may work – as much as I try, I may not be able to accommodate!
